## WINES BY THE GLASS

### SPARKLING

150ml /bottle

**NV Lamberti Prosecco**

Veneto, Italy

This is a very lively and effervescent prosecco. It has lovely green apple characters along with a hint of stone fruit. Crisp, fresh and delicious.

**NV 42° South Sparkling Rosé**

11.5 / 50

Campania, Tasmania

Similarly to southern England, the cool climate of Tasmania is considered a key region in the production of sparkling wine. This deep salmon rose is rich with notes of berry fruit and a complex and creamy mouthfeel. Delightful as an aperitif but is also an exciting match to our incredible gluten free bitter chocolate tart. Save space.

**NV Louis Bouillot 'Perle de Vigne'**

13.5/60

Cremant de Bourgogne, France

No it's not champagne but it is a particularly impressive French sparkling wine. Made predominantly from Pinot noir and chardonnay from Bourgogne, the wine is fresh and zesty but has a lovely creaminess on the nose and palate. A superb aperitif or great with the charcuterie, scallop ceviche or natural oysters.

### SLIGHTLY SPARKLING AND A LITTLE SWEET

**2015 Montevecchio Moscato**

10/46

Heathcote, Victoria

This is a particularly clean and fresh moscato with just a hint of spritz. Try to stop at just one of these! Exceptionally harmonious with spiced rum panacotta

## WHITE WINES

### **2015 Crowded House Sauvignon Blanc** **9.5/45**

Marlborough, New Zealand

This is a fabulous example of a Marlborough Sauvignon Blanc. Nothing more need be said!

### **2015 Toolangi Chardonnay** **12/55**

Yarra Valley, Victoria

Very delicious Yarra Valley Chardonnay. Very understated letting the fruit do the talking without too much oak. Lovely aromatics and a beautiful silky and round mouthfeel. Incredible with our hazelnut butter scallops.

### **2015 Fred Loimer "Lois" Grüner Veltliner** **11.5/52**

Kamtal DAC, Austria

The only thing we really have in common with the Austrian hills is that this wine tastes delicious in both places.

Very aromatic with notes of apple, pear and citrus, and a palate experience that is zippy, crisp and very refreshing. Marvellous with ceviche scallops and wasabi lime oysters

### **2015 Crawford River Young vines Riesling** **11.5/53**

Henty, Victoria

Absolutely delicious. Dry, crisp, clean and demanding you have a second glass. This is a wine for people who think they don't like Riesling to have a go of and then see how you feel. Amazing with or without anything, any time of day, especially mid afternoon.

### **2014 Marc Bredif Vouvray** **13.5/60**

Loire Valley, France

Chenin Blanc is one of the wonderful varietals found in the superb Loire Valley. This wine is a long standing favourite Magnificent texture, weight, balance and complexity. Hints of white flowers, pear and quince. Particularly agreeable wine and magnificent with anything of the ocean.

## ROSE

### 2015 Le St André Rosé

11.5/48

Cotes du Provence, France

This delicious rosé is made from Cabernet Sauvignon and Syrah. Very pale salmon pink hue with summer berries on the nose and just a hint of herbaceousness. The mouthfeel is silky smooth with red berries and a touch of white peach. Superb and dangerously easy to drink rosé.

## RED WINES

### 2015 Catalina Sounds Pinot Noir

12.5/55

Marlborough, New Zealand

Grown in two clay based hill side blocks in the infamous Marlborough region. This Pinot has an exciting mix of red and dark berries, spice and fantastic underlying savory notes. The duck and mushroom crumble walks hand in hand with this pinot.

### 2015 Alamos Malbec

9.50/42

Mendoza, Argentina

Medium to full bodied, rich and luscious this wine has both red and black fruit characters with a touch of cherry. Bold and vibrant, try a glass with eye fillet, the Moroccan spiced lamb and delicious with blue cheese too.

### 2014 Slain Giant Medium Body Red

12.5/55

Barossa Valley, McLaren Vale and Adelaide Hills

Totally quirky blend of Shiraz from the Barossa, Barbera from McLaren Vale and Malbec from the Adelaide Hills. To give a quick rundown on the characteristics attributed to each of the varietals: chewy red fruit, ripe tannins and plush mouth feel from the shiraz, dark cherry bright acidity of barber and berry fruit aromatics and vibrant colour from the Malbec how could you go past giving it a taste.

### 2014 Credaro Kinship Shiraz

### Brief Guide to our Beer Terminology.

**Hops:** Hops are one of the basic ingredients in beer. Hops contain an oil that is very bitter. So, when those beer buffs talk about 'hoppiness' in beer, they're trying to identify the bitter flavours of that ingredient and how they work with the other flavours in the beer.

**Ella Hops:** A recent addition to the Australian hop scene, when used in low quantities, it displays a spicy, floral character like star anise. When used in greater quantities or in dry hopping, it holds its own with any robust malt and conveys a decided tropical and grapefruit flavour.

**Galaxy Hops:** Fast becoming Australia's number one internationally recognized Hops, Galaxy Hops reputation comes from the distinctly identifiable characters it brings to beer, which can range from passionfruit and peach to clean citrus aromas. The flavours can vary and are more intense the later the addition to the brewing process.

**Malt:** Malts (and adjuncts) provide the fermentable sugars that are required to make beer and to add 'sweetness' to beer. This sweetness is generally balanced with an addition of Hops.
